# Aklat ng KID SCOUT

## About The E-Book Edition

The creation of this e-book edition of *Aklat ng KID SCOUT* has been commissioned by the Boy Scouts of the Philippines as part of its “**Empowerment of Young People Through Online Infrastructure**” project, a special project funded through the **Messengers of Peace (MoP) Support Fund** of the [World Organization of the Scout Movement \(WOSM\)](#).

It is among the first of many more Scouting publications to be made available by the Boy Scouts of the Philippines in e-book format.

The creation of e-book editions of Scouting manuals and books is just one of the many initiatives of the biggest youth organization in the Philippines to adapt to – and take advantage of – advancements in technology to further its missions as well as to reach out to its increasingly tech-savvy constituents. It is also aimed at making it easier for Scouts and Scout Leaders anywhere in the country and around the world to access Scouting manuals, references, and tools that are all too important in the effective and successful conduct of Scouting programs and activities.

This e-book is in PDF format and can be read using most computers and mobile devices. Some devices may require Adobe Acrobat Reader or other PDF-compatible software applications.

The text and graphic images in this e-book have been lifted from the printed edition of *Aklat ng KID SCOUT* (Boy Scouts of the Philippines). The printed edition continues to be available from the **National Scout Shop** and through the Scouting Council offices of the Boy Scouts of the Philippines.
